EHV-1 MEASURES

INTRODUCTION

With this document we are communicating, all measures taken against EHV-1 in order to create a safe environment during our events. This is to prevent the chance of an EHV-1 outbreak during our competition. This document serves as a guide for both organizer and participants and contains some temporary measures that are valid until May 30, 2021. All our measures are in line with the protocol of the FEI.

In accordance with the FEI Veterinary Regulations (VRs) all events are already mandated to have a biosecurity plan and a mitigation plan for outbreaks of infectious disease. OCs must submit these documents to the VD no later than one week before the event.

OBJECTIVES

Overall objectives

- To protect FEI horses and global equestrian sports from the consequences of infectious diseases being transmitted before, during and after FEI Events.
- To provide reassurance of the high health of equestrian sport horses to global, continental and national veterinary authorities and organizations in order to maintain and further improve the conditions for international movement of such horses.

EHV-1 MEASURES

PREPARATIONS OF VENUE BEFORE THE EVENT

BIOSECURITY PLAN

This event biosecurity plan respond to “CRITICAL MEASURES/REQUIREMENTS FOR A SAFE RETURN TO COMPETITION IN MAINLAND EUROPE POST-EHV-1 (12 APRIL ONWARDS)” provided by the FEI.

STABLES

- All stables must be well ventilated.
- The aisles must have a one-way systems. These will be indicated by directional signs.
- It is prohibited to prepare/saddle horses in the aisles. This is only allowed within the stable.
- The stable doors must remain closed, a stable drape's are not allowed.
- Horses of the same transport must be stabled together.
- If 1 horse tests positive for the EHV-1 virus, all horses in contact must go into quarantine and are temporarily not allowed to participate in the competition.
- Maps of where each athlete's horses are to be stabled will be made available to the Vet Delegate before the arrival of the first horses. Updated map will be provided once the horses have arrived if any changes were made to the original stable plan.

SPECIFIC MEASURES FOR INDOOR STABLES

- Not more than 100 horses stabled overnight in a shared airspace. Recommendation: at least 2.4m high box walls between horses of different athletes, or alternatively one empty box/tack box between horses of different athletes.

CLEANING AND DISINFECTING OF STABLES

- The stables are cleaned and disinfected according to article 1017 of the FEI Veterinary Regulations. A person responsible for this has been appointed. All boxes must be sealed after cleaning and disinfection. Every Monday a specialized company will clean and disinfect our stables with TH5. One time box disinfection fee - 30 EUR per horse will be billed to the rider.
- All boxes will be sealed after cleaning and disinfection.
- Hand-washing/hand disinfection stations will be available at entry/exit points of stables.
- Disinfection spray at key points throughout venue (entry points, stables).
- The person responsible for cleaning/ disinfecting the stables, is a point of contact and checks whether everyone respects the measures and if not he can address these people or remove them from the competition site. Access to the site will be denied to anyone who does not comply with these measures.

EHV-1 MEASURES

ISOLATION STABLES

- The isolation/quarantine area is not in the same stabling area or same airspace as non-isolated horses. It is separated by at least 50 metres from any flow of horses.
- The Veterinary Services Manager (VSM) to appoint a Veterinarian in charge of the isolation stables and advise the VD.
- Disposable boot covers and disposable or washable coveralls, warm water, liquid soap, paper towels, hand sanitiser, etc placed at the entry/exit. Protective gear must be used within each isolation unit and changed between groups of horses within the unit and removed prior to leaving isolation stables. ("Groups" are horses from the same transport.)
- Anyone working in the isolation stables (veterinarians, grooms etc.) must not enter any other stabling area without full cleaning and disinfection process.
- No unauthorised personnel and no animals (other than the isolated horses) in or near the isolation stables.
- Onsite isolation: minimum two individual boxes per 100 horses. 6 boxes available for 300 horses.

VETERINARY TREATMENT & EADCMP TESTING

- **EADCMP testing to take place in each horse's box.** The Testing Veterinarian must wear protective clothing (overall, etc.) and change this between horses.
- Veterinary treatment may take place in the horse's own box but only under supervision of the VD or an FEI official assigned by the VD.
- Should treatment boxes/an onsite clinic be used there must be a cleaning and disinfection protocol between horses and records kept of the process.

WATER / WASHING FACILITIES

- Ensure there are no common water troughs or that the hose etc. not touch buckets. (Grooms may bring their own hoses if travelling with multiple horses, but these must not be shared with others.)
- Handwashing facilities (with soap/gel, paper towels and disposal unit) clearly signposted.
- Mandatory handwashing/hand disinfection at entry/exit points of stables.
- Readily available disinfection points for spraying equipment, footwear etc.

EHV-1 MEASURES

PRE-EVENT PREPARATION

- **Monitor and record on a chart the temperature of each of your horses** twice a day for the 10 days leading up to the event (starting immediately if the event starts in less than 10 days).
- **Complete the FEI Equine Health Self-Certification form** for each of your horses. The form is available on the FEI website in the “Forms & Downloads” section.
- **Before arrival get TRACES for each of your horses.**

Sanctions for non-compliance on self-certification (including 10-day temperature record): Elimination from the event and non-compliant horses required to leave the venue. Disqualification of results. Possibility for further disciplinary sanctions. Fine of CHF 400 per horse.

ARRIVING AT THE EVENT

- Prior to your arrival, **inform the Organising Committee (OC) via hest@horsemarket.it about your estimated arrival time** to allow for a safe and well-organised Examination on Arrival.
- Be ready for the **“Examination on Arrival”** that must be performed by an FEI Official Veterinarian.
The examination will take place either in a **dedicated area**.
During the examination, **keep the horse passports and the FEI Equine Health Self-Certification forms handy**.
You or your groom will **have to take your horse’s temperature** using your own thermometer. Do not let a veterinarian use their own thermometer.
- **A horse with a temperature of 38.5°C or higher**, and any other horses travelling with it, **will be put into isolation**. Please respect all instructions provided by the veterinarian regarding the isolation of horses.
- The temperature of a horse put into isolation **can be taken again at a later stage** and, if back to normal and after assessment by the FEI Veterinary Delegate, the horse **may be allowed to go or return to the main stables**.
- Only accept to put your horses in cleaned, disinfected and sealed boxes.

AT EVENTS

- **Always use the handwashing and disinfection facilities** when entering and leaving your stable area.
- **Do not visit any other stable areas** than the ones where your horses are kept.
- Please **limit as much as possible the number of people** accompanying you in the stable areas.
- **Respect the one-way circulation system** for horses and persons.
- **Take the temperature of your horses twice a day** and record it on the clipboard placed on the door of the respective box.
- **Control your dog!** Your dog must always be on a leash and must never be in direct contact with horses.
- Horses **must not be tacked or untacked in the stable aisles.**
- **Horses may receive veterinary treatment in their own boxes** under the supervision of the FEI Veterinary Delegate or another veterinarian assigned by the FEI Veterinary Delegate.
- Horses selected for EADCMP testing must be sampled in their own boxes.
- If the event you are attending **takes place over consecutive weeks, your horses will have to be PCR tested on site** on Monday.
- If you have **concerns about the biosecurity measures or related matters**, immediately contact the FEI Veterinary Delegate.

EHV-1 MEASURES

EHV-1 TESTING AT EVENTS WHERE COMPETITION TAKES PLACE OVER CONSECUTIVE WEEKS

At events **where competition takes place over consecutive weeks** with horses stabled in the same airspace, the **horses must be PCR tested for EHV-1 every Monday in order to remain on venue**, regardless of whether they compete or not. Should any horses leave the venue and return they must comply with the requirements stated above under "PRE-EVENT PREPARATION".

The passports of horses staying are kept in the Show Office. The horses whose Passports are still there on Sunday night will automatically be tested on Monday. These tests will be performed by an authorized veterinarian and the cost of this test (€ 85 incl. VAT) will be billed to the rider.

HORSES WITH FEVER

If it appears that a horse has a fever over 39°, the horse will be moved to isolation stables and not allowed to leave the stable. After one hour, the temperature of the horse will be taken again.

- If the horse has <38.5° body temperature, it will be released again.
- If the horse has >38.5° body temperature, it must be tested with a PCR test and the horses in contact will be moved to isolation stables. In case of a positive test result, the entire stable unit goes into quarantine and must be tested.

TESTING LABORATORY: LABOKLIN (GER)

TEST PRICE: 85 EUR / PER TEST

ONE TIME DISINFECTION FEE: 30 EUR PER HORSE

CHARGED FOR ALL HORSES AND BILLED TO THE RIDER

EHV-1 MEASURES

IF A HORSE NEEDS TO BE PUT INTO ISOLATION

- **Horses presenting a temperature above 38.5°C or that have been in contact** with horses at risk with may be put into isolation at any time.
- **Respect all the measures in place**, such as wearing boot covers and coveralls. Always disinfect your hands when entering and leaving the isolation area as well as between each contact with your horses.
- **All protective gear must be removed** when leaving the isolation area.
- **Do not go to another stable area** without going through a full cleaning and disinfection process.
- **Never bring your dog** with you in the isolation area.
- Isolation areas must have individual boxes for single horses, as well as groups of isolation boxes for horses that have been transported together.
- **The isolation/quarantine area must not be in the same stabling area, or same airspace, as non-isolated horses.** It must be separated by at least 50 metres from any flow of horses, whether indoors or outdoors.
- Pre-approved external locations within 10 km of the venue may be used as isolation overflow sites.

LEAVING THE EVENT

- When leaving the event, please make sure that all your horses are officially checked out at the Show Office using the FEI HorseApp.
- Ask the event show office about the procedure they have chosen to apply. The checkout is a very important step to ensure all horse movements are traced.

The checkout is done using the FEI HorseApp mobile application and shall be performed by the organiser at the Show Office.

- **This checkout does not replace the required Health Certificate that must be issued by the Veterinary Authority in some countries.**

WHEN BACK AT YOUR HOME STABLES

- If any of your **horses develop any infectious disease within 14 days** after having attended an event, please inform us by email at veterinary@fei.org.
