- The Event Covid-19 risk assessment and risk mitigation plan in accordance with the [FEI Policy for Enhanced Competition Safety during the Covid-19 Pandemic](#)
- The Event Approved Schedule

Given the current covid-19 situation, please note that the FEI's approval of a Schedule should not be taken as an absolute guarantee that the Event will definitely go ahead. The decision whether the Event can take place must be made by the OC and NF in close consultation with the applicable domestic government and public health authorities. It is the responsibility of each Participant to check the status of the Event prior to planning his/her travel to the Event.

Guidance for the use of the WHO Mass Gathering Sports Addendum Risk Assessment tools in the context of COVID-19

Guidance for organizers of sports events planning mass gatherings during the current outbreak of COVID-19

Routine planning for mass gatherings includes conducting risk assessments to determine the overall risk of disease spread. In view of the current outbreak of COVID-19, a disease-specific and event-specific risk assessment and mitigation checklist has been developed for use by host countries and organizers of mass gathering, to assess the specific risk of COVID-19.

This tool includes all factors from the general WHO risk assessment and mitigation checklist for mass gatherings as well as additional factors relating to sporting events, to enable event organizers to determine a more accurate overall risk score.

The following risk assessment and mitigation checklist should be used in conjunction with the WHO Mass Gathering Sports Addendum Guidelines.

In order to accurately provide answers the following risk assessment and mitigation checklist, organizers must be knowledgeable on the current COVID-19 outbreak. The organizers should reference the daily global COVID-19 situation reports provided by WHO as well as the national COVID-19 situation reports, if available.

The tool must be completed in this Excel spreadsheet (see following tabs), as the scores are automatically calculated there. After the tools have been completed, the scores you receive in the Excel spreadsheet for both sections will need to be entered into the decision matrix found on the final tab ("Overall risk scores") for the overall risk score to be determined.

It must be ensured that this risk assessment is conducted with input from local public health authorities and that the necessary personnel with expertise in mass gatherings, risk assessment, epidemiology, and infectious disease control measures are included from the initial stages of planning.

For the overall determination, factors under consideration include:

- the current stage of the COVID-19 outbreak and known transmission dynamics
- the geographical distribution and number of participants, and their individual risk profile
- the risk assessment tool
- the mitigation measures that re currently in place or feasible

It is important to remember that while mitigation measures can reduce the risk of COVID-19 infections, they cannot completely eliminate the threat. It is WHO's view that all countries with community transmission should seriously consider postponing or reducing mass gatherings that bring people together and have the potential to amplify disease and support the recommended best practice of physical distancing. Any decision will be supported through the use of WHO tools, in particular the Risk Assessment for Mass Gatherings during COVID-19.

If movement restrictions and further national measures have been established in the country, the WHO RA does not apply.

However, when the process of re-opening/conducting mass gatherings is being considered post movement restrictions, it will be key to ensure any decisions are based on a risk assessment, such as the WHO Mass gatherings COVID-19 risk assessment.

Mass gathering risk assessment for COVID-19: addendum for sporting events

The questions below will enable sport event organizers to review the additional considerations specific to sporting events involving mass gatherings, and thus inform their risk assessment of COVID-19 associated with the event. This will help organizers to understand and manage any additional risk from COVID-19.

The risk assessment should be reviewed and reassessed regularly during the planning phase and updated immediately prior to the transition to the operational phase, especially in light of the rapidly evolving nature of the outbreak. Reference should be made to the latest technical guidance and situation reports on the WHO website.

The risk assessment for COVID-19 associated with the sporting event must be coordinated and integrated with the host country's national risk assessment for COVID-19. The person completing the questionnaire should include input from the local public health authorities, consult WHO's latest technical guidance and ensure that there is an up-to-date evaluation of the epidemiological situation.

Risk assessment

Please answer Yes (1) or No (0) to the following questions to determine a risk assessment score that incorporates factors specific to mass gathering sporting events

Additional risk of COVID-19 to the mass gathering sporting event	Yes (1)/No (0)	Score
Will the event be held in a country that has documented active local transmission of COVID-19 (community spread)?	0	0
Will the event be held in a single venue or multiple venues/cities/countries? (single venue = 0; multiple venues = 1)	0	0
Will the event include international participants (athletes and spectators) from countries that have documented active local transmission of COVID-19 (community spread)?	0	0
Will the event include a significant number of participants (athletes or spectators) at higher risk of severe COVID-19 disease (e.g., people over 65 years of age or people with underlying health conditions)?	0	0
Will the event include sports that are considered at higher risk of spread for COVID-19 (eg, contact sports)?	0	0
Will the event be held indoors? (Yes = 1; No = 0)	0	0
Total COVID-19 risk score		0

Mass gathering mitigation checklist for COVID-19: addendum for sporting events

Mitigation measures assess the current effort and planning to reduce the risk of spread of COVID-19 disease for the event. As mitigation measures can reduce the overall risk of the mass gathering contributing to the spread of COVID-19, they should be taken into account after the risk assessment has occurred to gain a clearer understanding of the overall risk of transmission and further spread of COVID-19, should the mass gathering be held. Together with the risk assessment score, the mitigation measure will contribute to the decision matrix and influence the assessment of the overall risk of transmission and further spread of COVID-19 in relation to the mass gathering.

Topic	Key consideration	Score Yes/Completed (2), Maybe/In progress (1), No/Not considered (0)	Weighting	Total score	Comments
Understanding of the overview of the current COVID-19 situation by the event organizers	Have the relevant organizers and responsible staff been informed about the latest available guidance on the COVID-19 outbreak (official web resources available from WHO, CDC, ECDC, UN, local public health authorities)? And are the organizers and staff concerned committed to following the available guidance?	2	1	2	(https://www.who.int/publications-detail/key-planning-recommendations-for-mass-gatherings-in-the-context-of-the-current-covid-19-outbreak)
	Are organizers aware of global and local daily situation reports as provided by WHO or local public health authorities?	2	1	2	
	Do the organizers and responsible staff understand the risks and transmission routes of COVID-19, the steps that event attendees can take to limit spread, the recognized best practices (including respiratory etiquette, hand hygiene, physical distancing, etc.), and the travel restrictions adopted by different countries that may affect the mass gathering?	2	1	2	
Event emergency preparedness and response plans	Has a contingency medical response plan for COVID-19 been developed for this mass gathering sporting event?	2	3	6	
	Does the contingency medical response plan include information about how attendees should interact with the host country healthcare system (e.g. hotline/helpline telephone number, medical teams and first-aid points for the mass gathering, local health care system)?	2	3	6	
	Is there an Emergency COVID-19 Outbreak Response Coordinator/Team in the organizing committee or other structure structure for the mass gathering with defined roles and responsibilities, coordinating the health preparedness and response planning for the outbreak?	2	2	4	
	Has the host country or organizer requested support from WHO and/or local public health authorities ?	2	3	6	
	Have the organizers of the mass gathering event acquired the following supplies to help reduce the risk of transmission of COVID-19?				
	Personal protective equipment (e.g. masks, gloves, gowns) for onsite medical personnel	2	3	6	

Hand sanitizer and alcohol rubs/gels, tissues, frequently replaced soap canisters and closed bins for safe disposal of hygienic materials (e.g. tissues, towels, sanitary products) in washrooms and changing rooms	2	3	6	
Hand sanitizers and alcohol rubs for all entrances and throughout the venue	2	3	6	
If a person feels unwell/ shows symptoms of an acute respiratory infection during the event:				
Is there a procedure for athletes or spectators to clearly identify whom to contact and how to do so if they or other event participants feel unwell?	2	3	6	
Is there a protocol on whom meeting organizers should contact in the host country to report suspected cases and request testing and epidemiological investigations?	2	3	6	
Are first-aid services or other medical services in-place and equipped to support patients with respiratory symptoms?	2	2	4	
Are there isolation rooms or mobile isolation units available onsite?	2	2	4	
Are there any designated medical facilities that manage patients with COVID-19 infection in the host country?	2	2	4	
Are there transportation services with trained medical professionals available to transport critically ill patients with severe acute respiratory infections to a hospital or to evacuate them from the host country, if necessary?	2	2	4	
Has a cleaning schedule been developed to ensure the venue is clean and hygienic – wiping surfaces and any equipment regularly with disinfectant is strongly recommended (before, during and after the event and between each round of competition)?	2	3	6	
Are there established screening measures , including temperature checks in place for participants at the point of entry, venues, routes and on-site medical facilities (first-aid points)? (Please specify in Comments what these screening measures include)	0	3	0	
Is the host country conducting COVID-19 laboratory diagnostic tests ? (If Yes, please specify in comments the type of COVID-19 diagnostic test used)	2	3	6	SARS-CoV-2 RNA test
Does the host country have a national public health emergency preparedness and response plan that can address severe respiratory diseases, including COVID-19?	2	2	4	
Is there a preliminary agreement by the host country to provide care for any COVID-19 cases connected with the mass gathering?	2	3	6	
If the event is for a duration of 14 days or longer, does the medical response plan for the event include resources and protocols for managing all public health interventions that would be necessary and supporting the national public health authorities if participants are infected and become unwell at the event? (If the event is for less than 14 days, please score 0)	0	3	0	
If the event is for less than 14 days, does the medical response plan include protocols for organizers to notify all participants of possible exposure to COVID-19 if the organizers are made aware of any suspected or confirmed cases that attended the event? (If the event is for 14 days or longer, please score 0)	1	3	3	
Is there an established mechanism for collaboration and coordination between the health and security sectors , which is considered as crucial?	2	2	4	

Stakeholder and partner coordination	Are there agreed, clear and easily understood processes in place for reporting to external multi-sectoral stakeholders (including surveillance authorities, WHO, CDC, ECDC, etc.) and disseminating risk communication messages (Media)?	2	2	4	
Command and control	Is there a decision-making authority/body and an agreed procedure to modify, restrict, postpone or cancel the mass gathering sporting event related to the evolving COVID-19 outbreak?	2	3	6	
	Are there arrangements to activate a strategic health operations centre if there are suspected COVID-19 cases in connection with the sporting mass gathering?	2	2	4	
	Have the mass gathering organizers and staff undergone training and exercises on personal safety procedures and emergency mitigation measures (including those specifically listed in this checklist)?	1	3	3	
Risk communication	Is there a risk communication strategy for the sporting mass gathering in regard to COVID-19?	2	3	6	
	Is there a designated person(s) to lead media activities and tasked with managing all external communications with national and international government officials, the general public, and the media? (If yes, please identify the spokesperson in comments)	2	2	4	Event Secretary - Denis Chirkovskiy
	Has there been monitoring of national and international media and social media established for rumours to be able to counter them early? (Please explain in the comments what protocols are in place for counter messaging)	2	2	4	
	Has coordination been set up with major official media channels and social media sites such as Twitter, Facebook and Instagram so that messaging can be coordinated with, and assisted by, the platforms to provide targeted messaging from organizers (including messaging to counter fake news and rumours, and proactive messaging about the status of the mass gathering, including changes)?	1	2	2	
Public health awareness of COVID-19 before and during the event	Has public health advice on clinical features of COVID-19, preventive measures, especially respiratory etiquette, hand hygiene practices, and physical distancing, been shared with all staff involved in the event, athletes, the public, and personnel of all relevant stakeholders?	2	3	6	
	Has information on the at-risk populations been provided to all athletes, the public and others so they may make an informed decision on their attendance based on their personal risks?	2	3	6	
	Has public advice included information on the meaning of the following measures: quarantine, self-isolation and self-monitoring ?	2	2	4	
Surge capacity	Are there any surge arrangements in place in the event of a public health emergency during the mass gathering - (i.e. suspected and confirmed cases of COVID-19?				
	Do these surge arrangements include funding for mitigation measures?	2	3	6	
	Do these surge arrangements include stockpiles of equipment (e.g. personal protective equipment, etc.)	2	3	6	
	Do these surge arrangements include training of extra staff?	1	2	2	
	Do these surge arrangements include volunteers?	1	2	2	
	Will there be daily health checks of athletes/competitors?	1	2	2	
	Will the athletes be separated from other groups , such as officials, support staff and spectators, to limit transmission?	0	2	0	

Specific mitigation measures	Are there measures in place to limit the sharing of equipment, water bottles, towels, etc. ?	2	3	6	
	Will athletes be given closed containers to allow for the safe disposal or storing of all hygienic materials (e.g. tissues, towels, etc.)?	2	3	6	
	Will the sporting event have designated seating for all spectators?	0	3	0	Spectators are not allowed to present
	Does the designated seating provided allow for physical distancing between spectators (minimum of 1 metre)?	0	2	0	Spectators are not allowed to present
	Have pre-travel health checks been performed on all athletes to ensure underlying co-morbidities, medications, allergies, etc. are documented?	1	2	2

Mass gathering overall risk score: addendum for sporting events

The decision matrix takes the risk score and the mitigation score to provide a colour determination. This colour determination identifies the total risk of transmission and further spread of COVID-19 in relation to the mass gathering. The "Colour Determination" key below the decision matrix describes the total risk for each colour.

Total COVID-19 risk score (from "Risk Assessment" Tab)	0
Total mitigation score (from "Mitigation Checklist" Tab)	84

Risk Vs. Mitigation Matrix

Total Risk Assessment Score	Very Prepared to Mitigate COVID-19 Impacts (76-100)	Somewhat Prepared to Mitigate COVID-19 Impacts (51-75)	Somewhat Unprepared to Mitigate COVID-19 Impacts (26-50)	Very Unprepared to Mitigate COVID-19 Impacts (0-25)
0 - Negligible	Very low	Very low	Very low	Very low
1 - Very Low Risk	Very low	Very low	Low	Low
2 - Low Risk	Low	Low	Low	Moderate
3 - Moderate Risk (low-moderate)	Low	Moderate	Moderate	Moderate
4 - Moderate Risk (high-moderate)	Moderate	Moderate	High	Very High

6 - Very High Risk	Very High	Very High	Very High	Very High

KEY FOR COLOUR DETERMINATION OF OVERALL RISK	
VERY LOW	Overall risk of transmission and further spread of COVID-19 in relation to the mass gathering is considered <u>very low</u> .
LOW	Overall risk of transmission and further spread of COVID-19 in relation to the mass gathering is considered <u>low</u> . Recommend checking whether mitigation measures can be strengthened.
MODERATE	Overall risk of transmission and further spread of COVID-19 in relation to the mass gathering is considered <u>moderate</u> . Recommend <u>significant</u> efforts to improve mitigation measures or reduce risk of transmission (decrease risk assessment score).
HIGH	Overall risk of transmission and further spread of COVID-19 in relation to the mass gathering is consdiered <u>high</u> . Recommend <u>significant</u> efforts to improve <u>both</u> mitigation measures and reduce risk of transmission (decrease risk assessment score).
VERY HIGH	Overall risk of transmission and further spread of COVID-19 in relation to the mass gathering is considered <u>very high</u> .

Covid-19 Mitigation Measures Plan

COVID-19

Coronavirus disease (COVID-19) is an infectious disease caused by a newly discovered coronavirus.

Most people who fall sick with COVID-19 will experience mild to moderate symptoms and recover without special treatment.

HOW IT SPREADS

The virus that causes COVID-19 is mainly transmitted through droplets generated when an infected person coughs, sneezes, or exhales. These droplets are too heavy to hang in the air, and quickly fall on floors or surfaces.

You can be infected by breathing in the virus if you are within close proximity of someone who has COVID-19, or by touching a contaminated surface and then your eyes, nose or mouth.

SYMPTOMS

COVID-19 affects different people in different ways. Most infected people will develop mild to moderate illness and recover without hospitalization.

Most common symptoms: fever, dry cough, tiredness.

Less common symptoms: aches and pains, sore throat, diarrhea, conjunctivitis, headache, loss of taste or smell, a rash on skin, or discoloration of fingers or toes

PREVENTION

Protect yourself and others around you by knowing the facts and taking appropriate precautions.

To prevent the spread of COVID-19:

- Clean your hands often. Use soap and water, or an alcohol-based hand rub.
- Maintain a safe distance from anyone who is coughing or sneezing.
- Wear a mask when physical distancing is not possible.
- Don't touch your eyes, nose or mouth.
- Cover your nose and mouth with your bent elbow or a tissue when you cough or sneeze.
- Stay home if you feel unwell.
- If you have a fever, cough and difficulty breathing, seek medical attention.

Masks

Masks can help prevent the spread of the virus from the person wearing the mask to others. Masks alone do not protect against COVID-19, and should be combined with physical distancing and hand hygiene.

TREATMENT

To date, there are no specific vaccines or medicines for COVID-19. Treatments are under investigation, and will be tested through clinical trials

Medical treatments

If you have mild symptoms and are otherwise healthy, self-isolate and contact your medical provider or a COVID-19 information line for advice.

Seek medical care if you have a fever, a cough, and difficulty breathing. Call in advance.

ACCESS TO COMPETITION AREA

Vet-Gate area (which includes the recovery area, vetting area and hold area), the stables area and other areas (secretariat, parking lots, etc.) will have access limited with fences, tape, etc.

Access to the competition area will be subject to an access control in which access will only be allowed to personnel who have been accredited and are identified.

Identification: In addition to the mandatory bibs, every accredited person must be identified with armbands that allows to quickly and visibly identify, including:

- Officials (including timekeepers)
- Members of the Organizing Committee
- Athletes and Crew Members
- Authorities and sponsors
- Any other person related to the competition

All accredited personnel, including Athletes and Crew Members, must wear a mask as soon as they interact with Officials, members of the Organizing Committee and other participants.

It is recommended for athletes to wear a face mask or similar covers while riding on the course.

Vetting area will be redesigned to meet the following requirements:

- 4 trotting lanes with interval of 2m between them x 40m long + 2m at each end.

Crew points: They are considered part of the competition area and the same precautions must be maintained as those dictated for the Vet-Gate area. The number of Crew Members will be limited to 2 per horse, to reduce the possibility of influx.

PARTICIPATION IN THE COMPETITION

The space of the hold area will be divided by 25 sq.m. per each horse.

COMPETITION PROCESS

Staggered starts in a row in all competitions, regardless of category and distance.

Maximum 2 Crew Members per horse are allowed.

There must be 2m distance between paddocks.

Maximum of two persons wearing a mask can enter the vetting area with a horse.

Spectators are not allowed.

SECRETARY

Payment of entry fees must be made only via bank transfer.

Payment of entry fees by cash is not allowed.

OTHER REQUIREMENTS

There will be no awards ceremony as such. The top 3 winners will be communicated, who will collect the trophies and / or prizes individually to the event secretary.

The distance of 2m between people must always be maintained, except for those who are part of the same team.

In the event of feeding, it will be limited to offering only a take-away service and must guarantee adequate hygiene and disinfection for its operation.

The toilets must have been disinfected in the appropriate way before the start of the competition, in case of competition of more than one day, another disinfection must be carried out at the end of the first day.

Full assumption of all general measures of the health authorities.

IV. THE FEI CODE OF CONDUCT FOR THE WELFARE OF THE HORSE

The Fédération Equestre Internationale (FEI) expects all those involved in international equestrian sport to adhere to the FEI's Code of Conduct and to acknowledge and accept that at all times the welfare of the horse must be paramount and must never be subordinated to competitive or commercial influences.

1. At all stages during the preparation and training of competition horses, welfare must take precedence over all other demands. This includes good horse management, training methods, farriery and tack, and transportation.
2. Horses and competitors must be fit, competent and in good health before they are allowed to compete. This encompasses medication use, surgical procedures that threaten welfare or safety, pregnancy in mares and the misuse of aids.
3. Events must not prejudice horse welfare. This involves paying careful attention to the competition areas, ground surfaces, weather conditions, stabling, site safety and fitness of the horse for onward travel after the event.
4. Every effort must be made to ensure that horses receive proper attention after they have competed and that they are treated humanely when their competition careers are over. This covers proper veterinary care, competition injuries, euthanasia and retirement.
5. The FEI urges all involved with the sport to attain the highest levels of education in their areas of expertise.

All FEI registered Horses intending to compete at FEI Events (including CIMS) must be vaccinated against Equine Influenza in accordance with these VRs. The exception being if the applicable domestic legislation prevents the use of Equine Influenza vaccines within the relevant territory.

6.3 Examination On Arrival

FEI Veterinary Regulations Article 1031

On arrival at an Event venue all Horses must undergo an examination by a veterinarian to confirm their identification from their passport and micro-chip ID (where present), their vaccination status and general health. To protect all horses attending events, any Horse with a questionable health status, concerning vaccination, disease or other concerns, must be stabled within the isolation facilities provided by the Organising Committee pending a decision on entering the venue.

6.4 Horse Inspections

FEI Veterinary Regulations Articles 1034-1042

All Horses will be assessed for their fitness to compete during the Horse Inspection. Any Horse demonstrating questionable fitness may be referred to the Holding Box for further veterinary examination. Horses not deemed fit to compete by the Inspection Panel will not be permitted to compete.

6.5 Limb Sensitivity Examination

FEI Veterinary Regulations Articles 1048-1053

All Horses are subject to examination under the protocol for abnormal limb sensitivity throughout the period of an Event. For Jumping that includes, but is not limited to, between rounds and before the Jump Off. For Endurance that includes, but is not limited to, pre-ride, during the ride and after the ride. Horses may be examined once or on multiple occasions during the Period of an Event.

Horses may be selected for examination under the protocol randomly or they may be targeted. All Horses selected to be tested must submit promptly to the examination or are subject to immediate disqualification. There is no obligation to examine any specific number of Horses at an Event.

7 Equine Anti-Doping And Controlled Medication Programme (EADCMP).

FEI Veterinary Regulations, Chapter VII

7.1 Sampling.

FEI Veterinary Regulations, Chapter VII

All horses competing at FEI Events may be subject to sampling for the presence of FEI Equine Prohibited Substances in accordance with the FEI Equine Anti-Doping and Controlled Medication Regulations (EADCMPs). Horses may be selected for sampling in accordance with obligatory testing, targeted or random sampling procedures. Refer to FEI Financial Charges for details of fees relating to Equine and Human Anti-Doping program (EADCMP), which OCs/NFs have the right to charge to the athlete (applicable for all FEI events worldwide).

7.2 Elective Testing.

FEI Veterinary Regulations Articles 1058

Elective Testing may be carried out prior to an Event to check for the presence of Prohibited Substances. Please refer to <http://inside.fei.org/fei/your-role/veterinarians> for information and details.

7.3 Hyposensitivity Control System Examination **FEI Veterinary Regulations, Annex VIII**

All horses competing in FEI Endurance events are subject to Hyposensitivity Control System Examination. Horses may be examined once or on multiple occasions during the Period of the Event and may be selected randomly and/or target tested by the Ground Jury and/or Veterinary Commission.

All horses selected to be tested must submit promptly to the examination. A refusal by the PR or his/her representative to submit a horse for examination will lead to disqualification and a yellow warning card. Withdrawal of the horse is not allowed once the PR or support personnel has been notified that the examination is to take place.

XIV. HUMAN ANTI-DOPING

Athletes can be tested at any FEI Event, by the FEI or by other Anti-Doping Organisations with Testing jurisdiction. Organisers will have the responsibility to provide facilities and staff/volunteers to facilitate such Testing if requested by the FEI as outlined in article 22.3 of the FEIs' Anti-doping Rules for Human Athletes (ADRHA).

The ADRHA rules are published on the FEI's website at <http://inside.fei.org/content/anti-doping-rules>.

XV. ADDITIONAL INFORMATION

1. THE FEI POLICY FOR ENHANCED COMPETITION SAFETY DURING THE COVID-19 PANDEMIC

The FEI Policy for Enhanced Competition Safety during the Covid-19 Pandemic ("Policy") <https://inside.fei.org/fei/covid-19/return-to-play/policy-tools> is mandatory and applies for any FEI Event taking place **as of 1 July 2020**. The Policy has been developed based on currently accepted best practices by the WHO and US Center for Disease Control (CDC) and will be continually reviewed and updated as more information becomes available. It is not intended to replace the applicable guidance and policies from domestic government and health authorities, but to supplement their recommendations with sport specific considerations.

The OC shall submit the risk assessment and mitigation plan (including name and contact details of the person in charge) to the FEI as an annex to the Event Schedule, **at the latest ten (10) working days before the event's deadline for Definite Entries.**

Events for which the FEI has not received the documented risk assessment and mitigation measures plan in accordance with article 2.1.g) of the Policy **will be removed from the FEI calendar** in accordance with Article 112.3 of the FEI General Regulations.

ASSUMPTION OF RISK / WAIVER OF LIABILITY

In consideration of being allowed to participate in the Event and related activities, all Participants (as defined in the Policy) acknowledge, appreciate, and agree that:

1. Participation includes possible exposure to and illness from infectious diseases including but not limited to COVID-19. While particular rules and personal discipline may reduce this risk, the risk of serious illness and death does exist; and,
2. The Participants knowingly and freely assume all such risks, both known and unknown, even if arising from the negligence of the OC or others, and assume full responsibility for their participation; and,
3. The Participants willingly agree to comply with the stated and customary terms and conditions for participation as regards protection against infectious diseases. If, however, a Participant observes any unusual or significant hazard during his/her presence or participation, the Participant will remove himself/herself from participation and bring such to the attention of the nearest official immediately; and,
4. The Participants, for themselves and on behalf of their heirs, assigns, personal representatives and next of kin, HEREBY RELEASE AND HOLD HARMLESS THE OC AND THE FEI, their officers, officials, agents, and/or employees, other participants, sponsoring agencies, sponsors, advertisers, and if applicable, owners and lessors of premises used to conduct the event ("RELEASEES"), WITH RESPECT TO ANY AND ALL ILLNESS, DISABILITY, DEATH, or loss or damage to person or property, WHETHER ARISING FROM THE NEGLIGENCE OF RELEASEES OR OTHERWISE, to the fullest extent permitted by law.

The Participants confirm to have read this release of liability and assumption of risk agreement, fully understand its terms, understand that they have given up substantial rights.

2. Insurances And National Requirements

In exceptional circumstances, together with the approval of Chefs d'Equipe, host NF delegate, if any, and the Ground Jury, the Organiser may change the schedule in order to clarify any matter arising from an omission or due to unforeseen circumstances. Any such changes must be notified to all athletes and officials as soon as possible and they must be reported to the FEI Secretary General by the Technical Delegate.

2.1 ATHLETES, OWNERS AND SUPPORT PERSONNEL

2.1.1 Personal Accident and Health Insurance

It is your responsibility as an Athlete/Owner/ Support Personnel to ensure that you have adequate personal accident insurance in place to cover your participation at FEI Events and in particular to insure against any personal injury or medical expenses arising from an accident, injury or illness which may occur at a FEI Event.

You should check with your National Federation to confirm if your National Federation's insurance policy (if any) covers personal accidents and/or illnesses which may occur when you are attending at/participating in FEI Events.

If your National Federation does not have a personal accident/health insurance policy or if the National Federation's insurance policy does not cover personal accident or health claims, then you should obtain your own personal accident and health insurance policy to cover your attendance/participation at FEI Events.

2.1.2 Personal Property Insurance

You should also ensure that you are insured against property loss, theft or damage which may occur at an FEI Event.

Again, the advice is to check with your National Federation to confirm if they have an insurance policy in place which would cover you in case of such property loss, theft or damage. If not, then you should obtain your own personal property insurance to cover such situations.

2.1.3 Press Equipment

Press equipment and other items left in the Press workroom, Press lockers, the Press Tribune or anywhere on the showgrounds are left entirely at the owner's risk. The Organising Committee does not accept any responsibility for any loss or damage to such equipment or items. Members of the Press are advised not to leave any equipment or personal items unattended.

2.2 ATHLETES AND OWNERS

2.2.1 Third Party Liability Insurance

As an Athlete/Owner you are personally responsible for damages to third parties caused by you, your employees, Support Personnel, your agents or your Horses. You are, therefore, strongly advised to take out third-party liability insurance providing full coverage in relation to FEI Events at home and abroad, and to keep the policy up to date.

The FEI and the Organiser will NOT be responsible for any damage caused to third parties by you, your employees, Support Personnel, your agents or your Horses.

2.2.2 Additional Liability Information

Space for organiser to include reference to National Laws when necessary

2.2.3 Horse Insurance

As an Owner you should ensure that your Horses are adequately insured against any injuries or illnesses they may sustain while participating at a FEI Event.

[FEI Permitted Treating Veterinarians \(PTVs\) \(Art 1005\) are to have adequate professional indemnity insurance.](#)

3. Protests / Appeals

To be valid, all Protests and Appeals must be made in writing and accompanied by a deposit of CHF150. – or equivalent.

Protest and appeal forms are available on FEI website.

<https://inside.fei.org/fei/regulations/general-rules>

4. Disputes

In the event of any discussion concerning the interpretation of the schedule (in translated languages), the English version will be decisive.

5. Modifications Of Schedule

In exceptional circumstances, together with the approval of Chefs d'Equipe and Ground Jury the OC reserves the right to modify the schedule in order to clarify any matter or matters arising from an omission or due to unforeseen circumstances.

Unforeseen circumstances do not include situations arising as a result of the OC altering the approved Schedule without FEI's authorisation. Any such changes must be notified to all competitors and officials as soon as possible and they must be reported to the FEI Secretary General by the Foreign Judge.

6. Additional Information from the OC

The entry fee must be paid to the bank of organizer before the closing date of the definitive entries.

Failure from ORGANISERs of International Events to provide the FEI with the appropriate result(s) and/or prize money information by the aforesaid deadline and/or in the aforesaid format shall entail a warning for the first violation and thereafter a fine of CHF 1'000.- per violation.

The FEI may request a copy of the official PDF result signed by the relevant Officials at the Event.

1. FEI Endurance Organisers' Protocol – 01/01/2021 to 31/12/2021

With an aim to further ensure the welfare of equine and human athletes at International Endurance Events, the safety of all participants and the implementation and respect of common principles of behaviour, fairness, and sportsmanship, the FEI has created this FEI Endurance Organiser's Protocol (hereinafter the "Endurance Protocol") to guarantee the correct and full application of the applicable FEI Rules and Regulations in your Events, in particular but not limited to, the FEI General Regulations, the FEI Endurance Rules, the FEI Veterinary Regulations, the FEI Anti-Doping Rules for Human Athletes and the FEI Equine Anti-Doping and Controlled Medication Regulations.

In order for the FEI to approve the competition schedules the Endurance Protocol **must** be signed once a year by the Organiser and the National Federation, listing the Event(s). By signing the Endurance Protocol (which will be incorporated into the competition schedule of your Event(s)) both aforementioned parties agree to comply with all applicable FEI Rules and Regulations, and in particular (but not limited to), with the following requirements:

1. Full cooperation must be given to the FEI Officials to ensure that they can perform their tasks according to the FEI Endurance Rules, in particular:
 - Ground Jury Art. – Art. 853
 - Technical Delegate – Art. 852
 - Veterinary Commission – Art. 854
 - Chief Steward Art. – Art. 855
2. Full cooperation must be given to the FEI Independent Governance Advisors (IGAs) to ensure that they can perform their tasks according to the FEI Endurance Rules Art. 856.
3. The welfare of the horse must be a first priority and you must allow the FEI Officials to take all necessary measures to safeguard it, as per the FEI Endurance Rules, including but not limited to:
 - Loops of the course must not be specially designed and/or constructed to encourage high speeds - Art. 814.4.5
 - Allowing for the reduction of the pulse criteria - Art. 816.9. The pulse criteria may be reduced during the ride if, in the opinion of the President of the Veterinary Commission in consultation with the Foreign Veterinary Delegate, the President of the Ground Jury and the Technical Delegate they believe there is a danger to the safety of the Horses.
 - The Veterinary Commission has absolute control on all matters concerning horse welfare - Art. 854.1
 - The Technical Delegate or the Ground Jury together with the Veterinary Commission can decide to modify the length of timed holds according to extreme weather conditions or other exceptional circumstances.... - Art. 816.9.2.

4. The safety of the athletes, FEI Officials and public must be safeguarded at all times and FEI Officials must be allowed to take all necessary measures to ensure safety, as per the FEI Endurance Rules/FEI GRs:
- The field of play - Art. 813
